

## MD. MASIPUL ISLAM SIAM

Gaibandha, Bangladesh, [masipulislam@gmail.com](mailto:masipulislam@gmail.com), +880-1751379009, Github: [@DSwithSiam](#), LinkedIn: [@dswithsiam](#)

I am a tech enthusiast, I have a passion for problem-solving and a deep love for data structures and algorithms. Thirsty for knowledge and want to learn from the core. I am patient enough to pursue my interests, and I have confidence in myself. I have been programming for two years, which has given me valuable experience and knowledge to tackle new challenges and continue my growth.

### Education

- Thakurgaon Polytechnic Institute, Thakurgaon
  - Computer Science Technology
  - 8th Semester

### Technical Skills

- Programming Language
  - C, C++, Python.
- Problem Solving
  - Almost ([200+ and counting](#)) problems solved on several online platform.
  - Participated 10+ contests on several online and offline platform.

*January 2019 - Now*

### Competitive Programming Experience

- ICPC Asia Dhaka Regional Site Online Preliminary Contest 2022

### Project

- [Face Detection using OpenCV and Python](#)
- [Income Prediction by using Decision Tree](#)

### Leadership Experiences

- Secretary General – TPI Computer & Programming Club.
  - Event Management, Team Leadership Python (Programming Language).
  - 2023 I also organized online and offline events and seminars.

*January 2022 - July 2023*

### Field of Interests

- Software Engineering, Software development, Data Structure, Problem solving, Mathematics, Machine Learning, Artificial Intelligence, Computer Systems, Sports and Travelling.
